

VELUX®

The No Leak Skylight™

Solar-Powered "Fresh Air" Skylights

Deck and Curb-Mounted

Bringing light to life™

Why skylights?

Daylight

Daylight is powerful. It redesigns the look and feel of our home every hour of the day. It balances our Circadian rhythm, improves our general health and well-being, decreases our dependency on electricity, and gives functionality back to our space. We often ask, "Why skylights?" But with endless reasons to install a skylight, the question becomes more, "Why not skylights?"

Fresh Air

Open your world to crisper, cleaner air and brighter days with the VELUX Solar Powered "Fresh Air" Skylight. Designed to release stale, trapped air from your home while bathing it in rich natural light, our skylight reduces your dependency on central air and electricity to freshen and brighten your home.

A Must-Have for Any Home

Homes that are warm, inviting, and full of light are homes full of life. Before browsing paint colors, ordering fabric swatches, or thumbing through catalogs for inspiration, look up at your fifth wall. The most unnoticed, yet impactful wall in every room can be your next design space. Change more than just your wall color, transform the look and feel of your entire home with skylights.

Ambient Light

Light reflects off walls and floors to give your space a soft, glowing look and feel.

Ventilation

Opening your skylight helps purify your entire home with fresh air.

Rain Detection

With the first drop of rain, your skylight automatically closes itself for you.

Privacy

Your skylight looks up, protecting your home's privacy down below.

Lower Electric Bill

Turn off more lights in your home by soaking up free light from above.

Unique Design

Add the finishing touch by pairing your skylight with designer blinds.

Meet your skylight.

The Refreshingly Innovative Skylight

Watch your space open up while increasing your home's energy efficiency with the VELUX Solar Powered "Fresh Air" skylight.

You are eligible to receive a Federal Solar Tax Credit on both product and installation with this skylight.*

1

Solar Panel

Capturing available sunlight throughout the day, the solar panel charges a concealed battery allowing you to easily open and close your skylight.

2

Rain Sensor

At the first detection of rain, a sensor will automatically close the skylight.

3

The No Leak Promise

We offer a ten-year installation warranty designed to put your worries to rest. Additional warranties also included on product and glass.

4

Clean, Quiet & Safe Glass

The glass used in this skylight is designed to not only be the safest glass you put above your head, but also the quietest and cleanest.

5

Fresh Air

With a touch of a button, the skylight opens to ventilate your entire home, filling it with fresher, cleaner air.

A window into a smarter, healthier home.

VELUX ACTIVE with NETATMO

Our most innovative skylight gets even better when paired with VELUX ACTIVE, your home's climate control and monitoring system. VELUX ACTIVE's sensor-based controls automatically adjust your skylights and blinds to create the ideal temperature and air quality for your home.

Download your VELUX ACTIVE app now for a smarter, healthier home.

Daily Ventilation

Choose how often your skylight opens during the day to circulate fresh air throughout your home.

Sensor Based Ventilation

Readings from your indoor climate sensors (CO2, humidity, temperature) combined with outdoor conditions will open your skylight if natural ventilation can improve room conditions.

Smart Heat Protection

VELUX blinds operate proactively based on local weather forecast information.

Stay in Control

Operate your VELUX skylights and blinds from your smartphone.

Say the Word

Use voice control assistance to operate your VELUX skylights and blinds.

Easy Departure

Put your VELUX ACTIVE products in safe mode with just one tap.

VELUX ACTIVE

Smart sensor-based operation of your VELUX skylights and blinds.

Safest Glass to Live Under

Clean, Quiet & Safe

When selecting a VELUX Solar Powered "Fresh Air" Skylight rest assured your skylight comes with our most-recommended, top-rated glass: Clean, Quiet & Safe. Named for its three biggest benefits, this glass comes with state-of-the-art, energy-conserving LowE glass, designed to keep your home warmer in the winter and cooler in the summer.

Clean: Skylights stay cleaner longer with Neat® glass coating.

Quiet: Reduces unwanted outside noise by up to 25% compared to a standard double pane glass and up to 50% compared to a plastic skylight.

Safe: Unlike tempered, this glass does not shatter into pieces when cracked.

ENERGY STAR certified products are the most straightforward way to help meet energy codes.

Most VELUX residential products are ENERGY STAR certified in all 50 states. By specifying or using ENERGY STAR certified products, architects and builders can use windows and skylights to bring much needed daylight and fresh air inside, creating more attractive buildings and livable spaces while still meeting the local energy codes.

3 Layers of Protection

The No Leak Skylight

- 1 Pre-Attached Seal**
Pre-attached deck seal (deck-mounted) or gasket (curb-mounted) provides a tight seal for leak-proof installation.
- 2 Adhesive Underlayment**
Adhesive underlayment for secondary water protection against the harshest weather conditions.
- 3 Engineered Flashing**
Engineered flashing for easy installation and primary water protection.
