

STONEfaçade®

Architectural Stone Cladding System

Beauty that's set in stone

Turn your dream into reality

Nothing says “Welcome home” like the warm and inviting look of stone. Now you can take your home’s exterior to a new level with CertainTeed STONEfaçade, a manufactured architectural stone veneer that delivers the beauty and craftsmanship of natural stone in an affordable, durable, and easy-to-install panelized system.

On cover:
STONEfaçade in Pocono Autumn and Cedar Impressions Single
7" Straight Edge Perfection Shingles in Driftwood Blend

Note: Color shown throughout this brochure is as accurate as printing methods will permit. Please see product samples before making final selection.

Siding: STONEfaçade in Adirondack Snowfall, Monogram Double 4" Clapboard in Flagstone, and Cedar Impressions® Individual 5" Sawmill Shingles in Driftwood Blend
Trim: Vinyl Carpentry® & Restoration Millwork®
Roof: Landmark® in Colonial Slate

BEFORE

Beautifully simple to install

The panelized design of the STONEfaçade cladding system features a fast and easy installation that can be performed by almost any contractor. This eliminates the expense of time-consuming and labor-intensive masonry, as well as the need to work with multiple contractors on multi-product projects.

Smart Investment

EZ

Easy to Install

No Mortar

Installing stone veneer on the exterior of your home is a smart investment, with **one of the highest returns** of any major home remodeling project when it's time to sell.

95.6%

Return on investment
for stone veneer

Simply beautiful to behold

The design flexibility of STONEfaçade gives you the freedom to create any look you can imagine. It can be used to enhance both the exterior and interior of a home – accenting entryways, creating kneewalls to complement siding, and showcasing mantles, backsplashes, hallways, and other spaces that the look of stone can stylishly refine.

Complement your siding color

Adirondack Snowfall

With hues of gray, Adirondack Snowfall matches best with siding in whites, blues and grays.

Appalachian Twilight

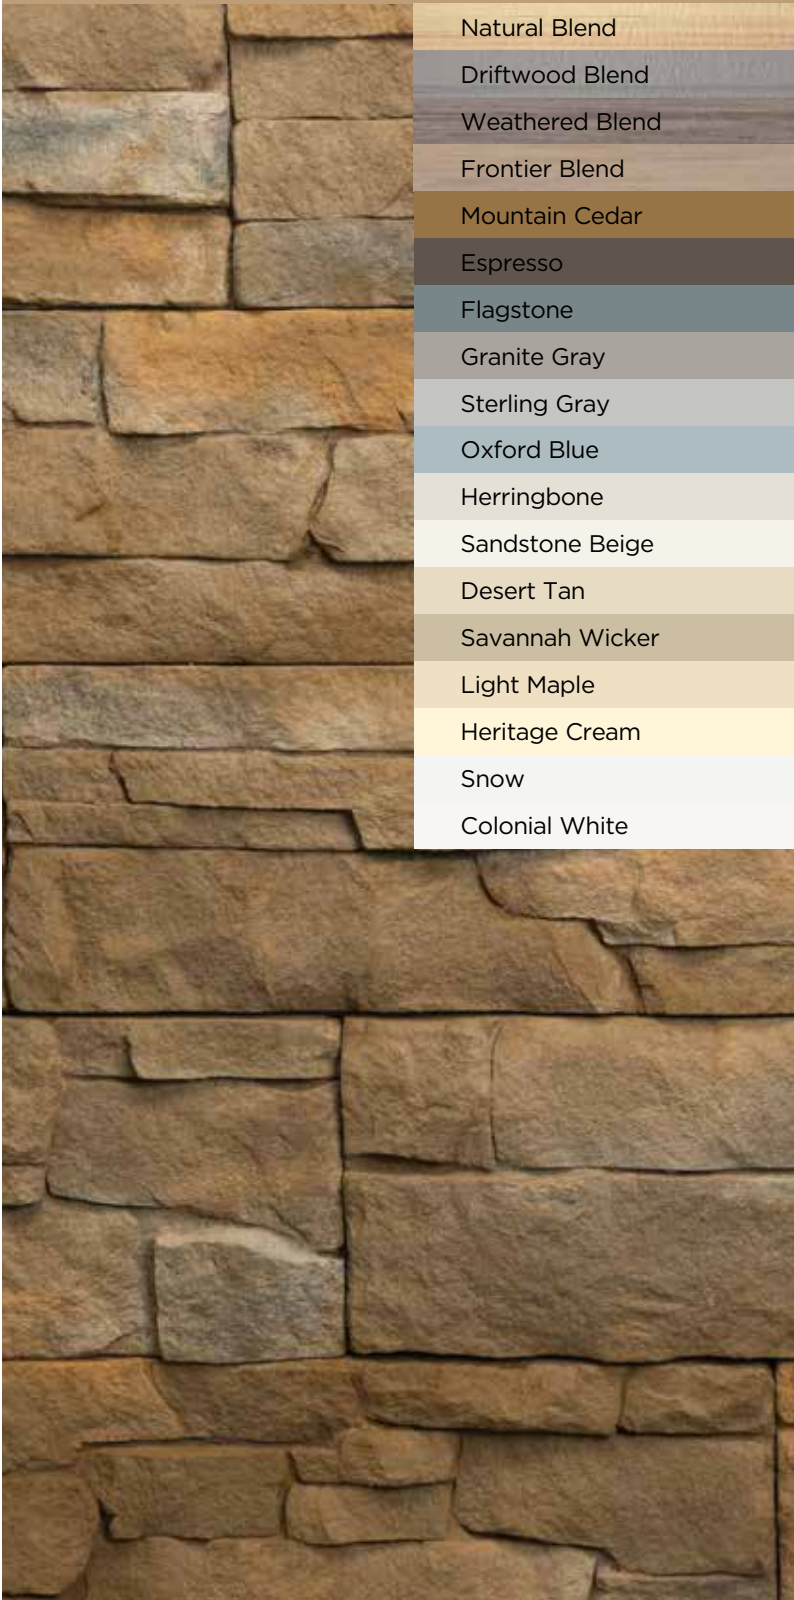

With calming grays and browns, Appalachian Twilight works well with an extensive palette of siding colors.

The natural spectrum of STONEfaçade is designed to complement any new or existing home siding color. Below are CertainTeed siding color recommendations to guide your selection.

Pocono Autumn

With variegated tones of brown, orange, and yellow, siding in warm shades or gray tones match well with Pocono Autumn.

- Natural Blend
- Driftwood Blend
- Weathered Blend
- Frontier Blend
- Mountain Cedar
- Espresso
- Flagstone
- Granite Gray
- Sterling Gray
- Oxford Blue
- Herringbone
- Sandstone Beige
- Desert Tan
- Savannah Wicker
- Light Maple
- Heritage Cream
- Snow
- Colonial White

Harbor Sunset

With stunning shades of brown and burgundy, siding in subtle shades of grays and browns are recommended for Harbor Sunset.

- Natural Blend
- Cedar Blend
- Rustic Blend
- Weathered Blend
- Frontier Blend
- Brownstone
- Melrose
- Mountain Cedar
- Espresso
- Sable Brown
- Smoky Gray
- Charcoal Gray
- Granite Gray
- Oxford Blue
- Seagrass
- Cypress
- Herringbone
- Sandstone Beige
- Weathered Wood
- Desert Tan
- Natural Clay
- Savannah Wicker
- Light Maple
- Buckskin
- Heritage Cream
- Snow
- Colonial White

An Innovative System Design

Moisture management to protect your home

STONEfaçade features the industry's only **fully-integrated rainscreen**, providing additional structural support and ample drainage from top to bottom for outstanding moisture management and protection of your most important investment. Our rainscreen is designed to prevent potential structural damage and mold, a common occurrence when masonry products are installed without a well-defined drainage space.

3/8" Rainscreen

Stone veneer panels for easy installation

Your siding contractor will install it quickly and cleanly, saving time and money on your installation. The STONEfaçade system includes components designed to work together seamlessly, integrating with new or existing exterior cladding for a beautiful, finished appearance.

Panelized

Three panel widths are randomly pre-mixed in a carton to prevent patterning and create a natural appearance.

Note: STONEfaçade is suitable for use in two-story exterior applications up to 30' high.

Designed for years of worry-free performance, STONEfaçade requires no sealing, coating, or mortar. Unlike actual individual stone and other manufactured stone cladding products, STONEfaçade is an easy-to-install panelized system.

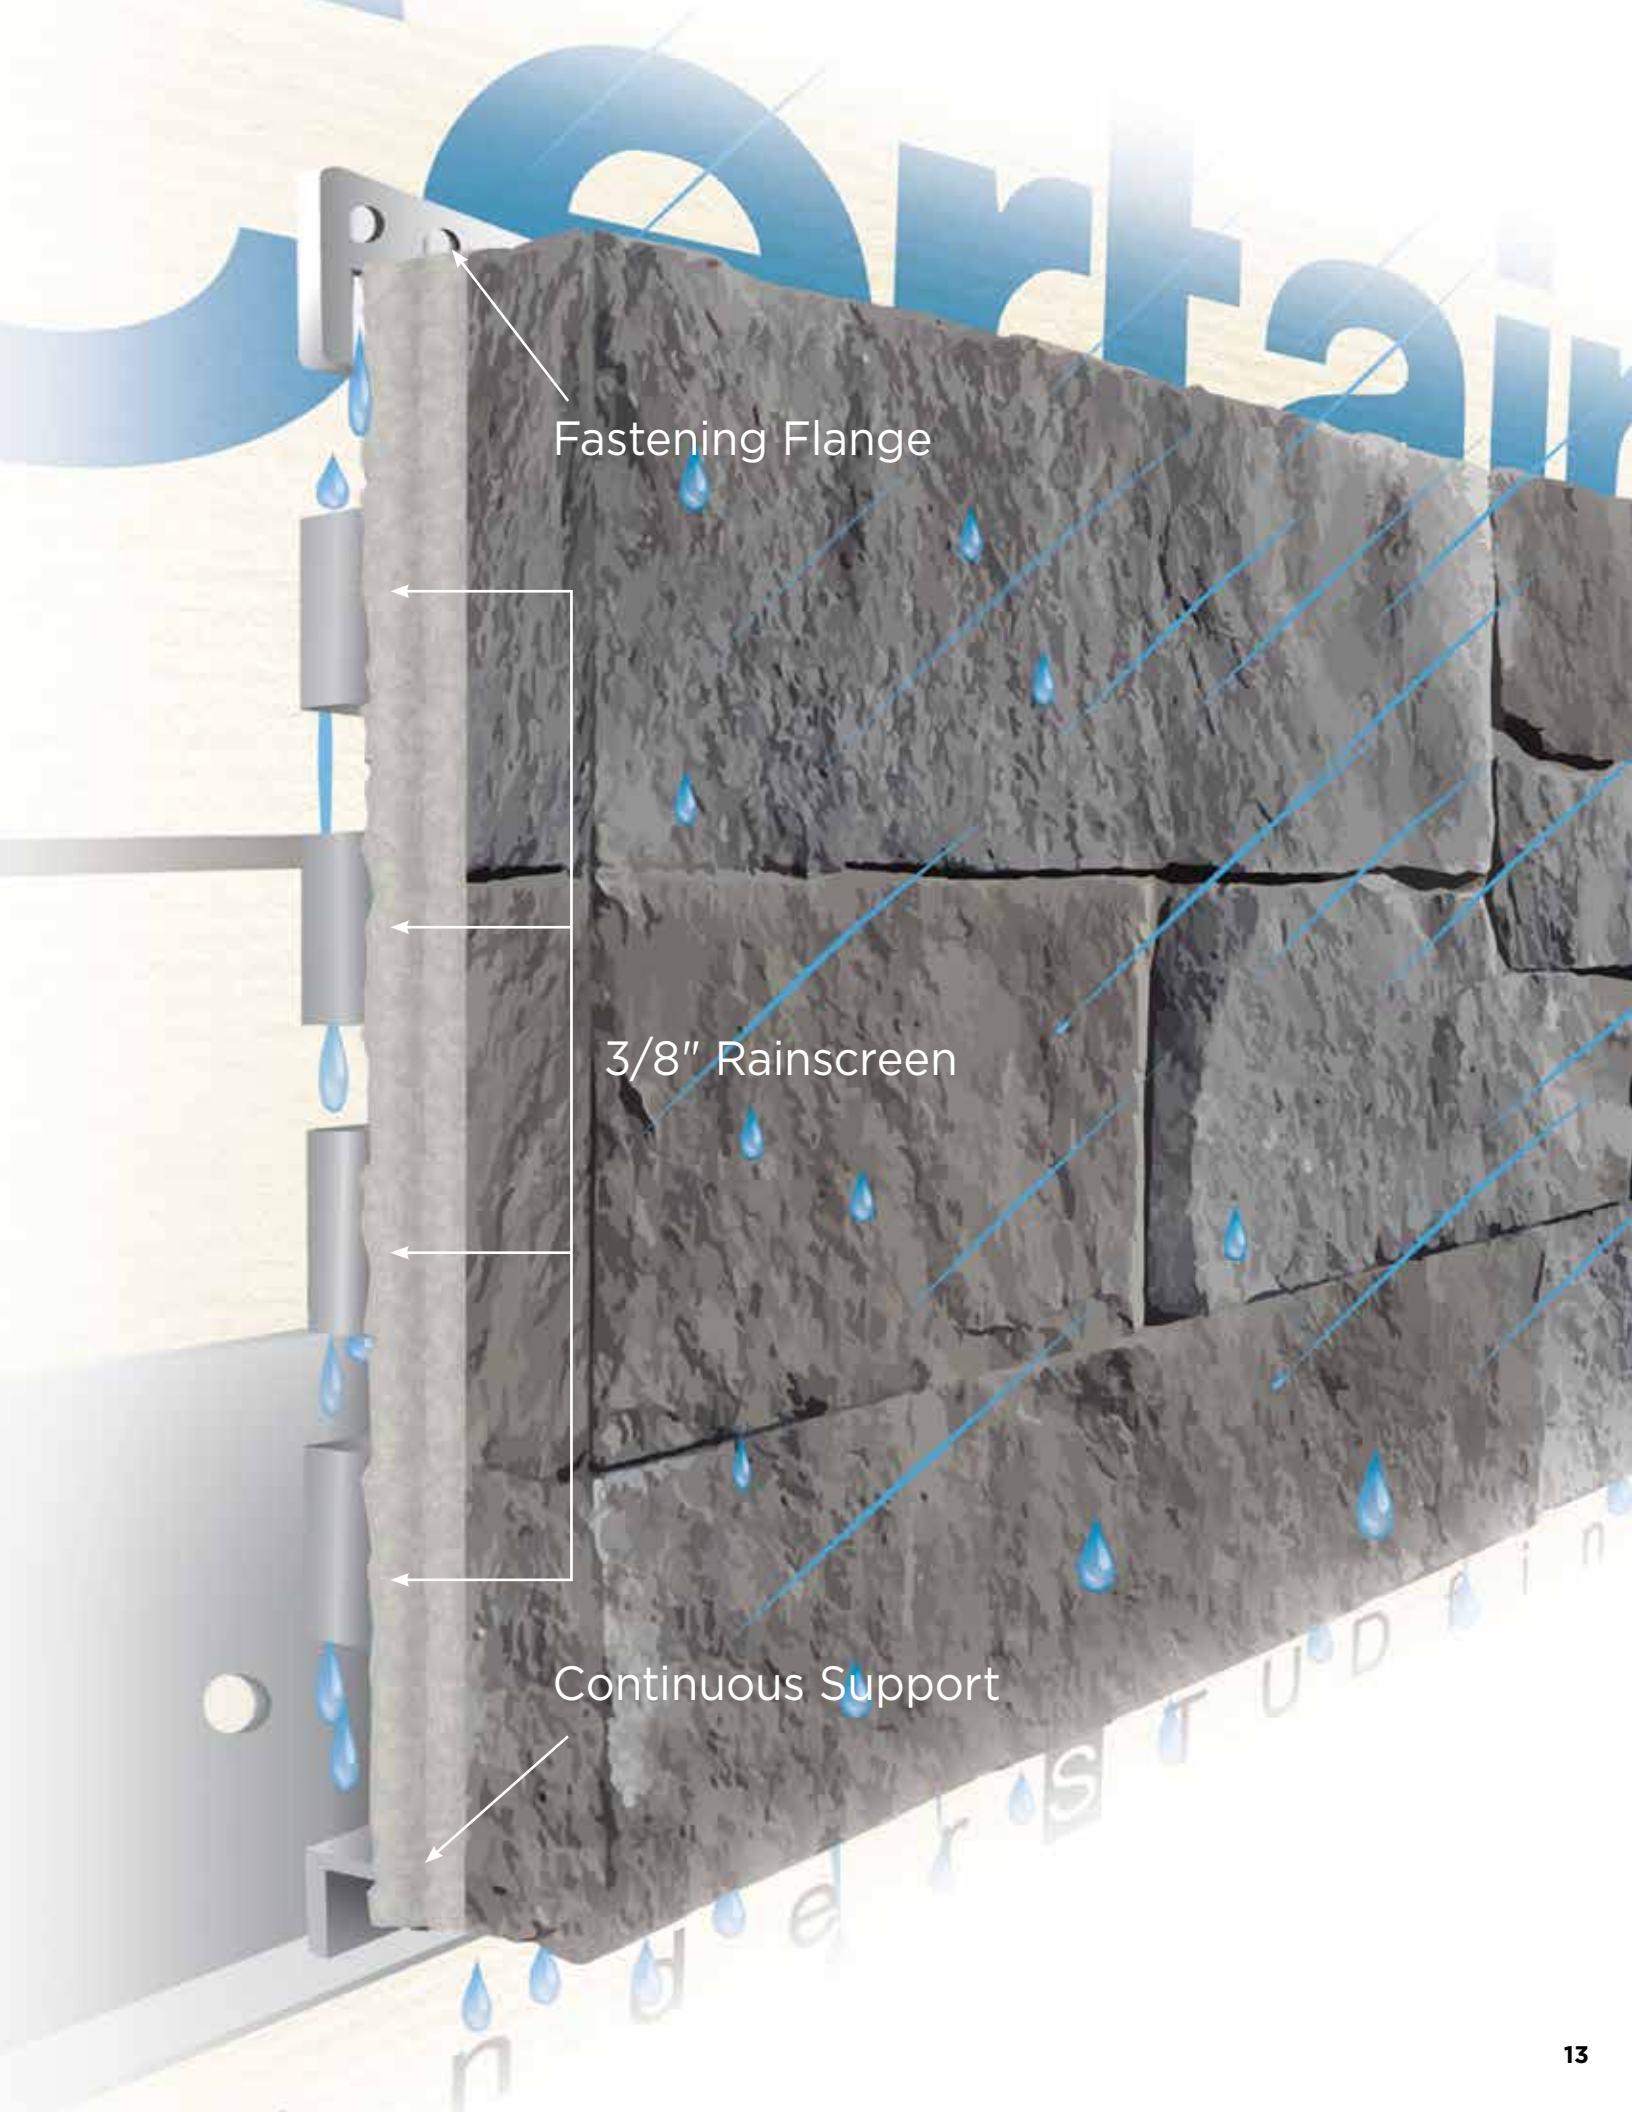

No Mortar

In addition, the unique design of the fully-integrated rainscreen provides moisture management protection for your walls and provides a simplified means of drainage installation.

Building science

Experience the quality of CertainTeed

Our building science experts understand the best way to combine material performance and design. Utilizing their extensive knowledge and experience, they developed an easy-to-install product that faithfully replicates the look and feel of real stone. This patent-pending product has been tested to withstand the industry's most stringent performance standards.

One-of-a-kind Appearance

STONEfaçade is molded from hand-picked stone to blend natural beauty with modern performance, and provide long-lasting beauty that will endure for years to come. No two panels from our manufacturing process look exactly alike.

Want More Ideas?

No Place Like Home Brochure

This brochure helps inspire ideas (pub. no. CTS435).

Go online for the PDF version or call 800-782-8777 for the brochure.

1 Look for color palette ideas in your surroundings, including landscaping, trees and gardens in your neighborhood, and the larger area where you live. The colors you pick for your interior walls can also influence your exterior walls.

2 You may be inspired by your neighbors' color schemes, but it is a good idea to avoid copying them exactly, instead it's best to create your own unique combination that sets your home apart. In most cases, you want your home to fit in but not clash with nearby buildings.

3 You need to first consider the appearance of any features on the home that will remain unchanged, and harmonize your siding color with them. This includes roofing, masonry, stone, stairways, doors, etc.

4 If your home's architectural style is very distinct (Colonial, Greek Revival, etc.) you will get best results if your color selection and treatment complements its original design.
